- Assist with compliance to OSHA directive CPL directive 03-00-008 against combustible dust explosions and fires act of 2008 (American Laundry News Nov./Dec. 2010).
- Energenics Lint Scrubbers are a true lint scrubbing vacuum pulling the lint, dust and contaminants from the air.
- Arrives completely assembled ready to mount on wall or floor stand, plug in and start collecting lint & dust.
- Upward exhaust pulls dust & lint and hot air away from associates and expensive equipment & controls.
- Solid State UL control advances the filter media.
- Optimum filter media, flat bonded polyester, designed to collect all dust & lint particles.
