

Maximum Performance

NFPA 1851 VIRTUAL TRAINING

UniMac is partnering with a leading Independent Service Provider (ISP), Gear Cleaning Solutions (GCS), to bring you NFPA 1851 compliant courses. Instruction like this is not possible without collaboration, and when experts in their respective fields work together, the result is unparalleled training. Coursework is completed online, at your own pace, and with the option to earn NFPA 1851 certification upon completion.
